

Product Discontinuance Notice

Part Number Discontinued:	DTA-2178-ASI: Octal ASI Ports for PCIe
Date of Issue:	November 18 nd , 2024
Effective Date:	February 28 th , 2025

DISCONTINUANCE DETAILS:

- DekTec is streamlining its product offerings by discontinuing the DTA-2178-ASI. By focusing on fewer product variations, DekTec can improve efficiency, maintain better stock levels, and offer more efficient service to our customers.
- DekTec will discontinue the sale of the DTA-2178-ASI per February 28th, 2025.

REPLACEMENT / ALTERNATE PART:

[DTA-2178: Octal 12G-SDI/ASI Ports for PCIe](#)

- The DTA-2178, when configured for DVB-ASI, is a direct replacement for the DTA-2178-ASI, while additionally offering support for SDI up to 12G and a genlock connector.

LAST TIME BUY:

- Orders will be accepted until February 28th, 2025.
- We have limited stock remaining and will consider initiating an additional production batch if necessary. We will service orders on a first come, first served basis.
- Upon acceptance by DekTec, such orders will be firm and final and cannot be subject to any rescheduling, cancellation, or termination by the buyer unless accepted in writing by DekTec.
